Chaos Reigns; Hun Cabinet Falls

ENGLAND IS WELCOMING HER HEROES HOME SOIL

DOVER, England, Dec. 19.—Field Marshal Haig, British commander-in-chief, arrived here from France today and was given a tremendous ovation.

LONDON, Dec. 19.—London hung out its flags and the old seaport of Dover flung its gates wide open today to greet Field Marshal Haig and the commanders of the five British armies which fought in Belgium and France, Generals Plumer, Rawlinson, Birdwood, Byng and Horne. It was merely an informal welcome on the part of London, but the real celebration in London will come later. The field marshal will then, according to time-honored precedents, be raised to a high rank in the peerage, how high is a point of speculation, and given a money grant by Parliament for his services to the nation. This is the procedure which has been followed from the days of Wellington and Nelson down to Kitchener and Roberts and the occasion will be celebrated with civic and military formalities such as no other nation except possibly France, can carry out as impressively as Great Britain.

BENEFIT BALL FOR RICHMOND CLUB INTERESTING THE DANCING PUBLIC

Tomorrow evening is the time of the delightful ball which is to be given to the people of Richmond by the ladies of the Richmond Club. Right here we desire on the part of the ladies of the club to invite the people of this city to attend.

Some way or other the information has gone out that the club is giving this ball for the younger set only. It is for everybody who can dance and those who cannot dance are invited to come, too, and they will be entertained with Whist or in some other way. A picked orchestra from the Richmond Municipal band has been secured for the evening and the latest music will be played by this aggregation of artists.

Miss Helen Smith heads the committee of arrangements and she is being assisted in the work by the ladies personnel of the club. The ladies are going to make the function a great success from a social point of view as well as in a financial way, for they are all out selling tickets and report the sales as being very large.

The funeral services over the remains of Mrs. Emma Seyfens, who died yesterday morning at her home, 2121 Barrett avenue, will take place tomorrow afternoon at 2 o'clock. Smallwood undertaking parlors. The remains will be interred in Sunset View cemetery.

RED CROSS WORKERS ARE WANTED AT WORKROOMS ALL DAY FRIDAY TO COMPLETE BIG QUOTA OF GARMENTS

Mrs. W. A. Boone announces that she has completed her quota for the linen shower for France and the goods have all been boxed and sent away. All the garments for the last quota have been completed and sent on their way across the waters, including 75 sweaters, and 300 pairs of socks for the soldiers and 300 garments for the refugees of France, Belgium, Serbia and the other residents of war-torn Europe.

The new quota is here and Mrs. Boone, who has charge of the direction of the work rooms of the Red Cross chapter, wants a large number of workers to assist her tomorrow.

PRETTY HEART PLAY IS NOW ON AT RICHMOND

Earle Williams in his charming new play, "The Girl in His House" is the headliner at the Richmond Theatre this afternoon and evening in addition to some attractive Goldwyn and other comedy numbers. "The Girl in His House" is a fascinating love story of the rich

young man who, lured by the "only girl" exiles himself in a distant land. Returning, he finds the old love dead, half his fortune stolen by a rascally lawyer and a beautiful and unknown girl mistress in his mansion. Love of the "girl in his house" develops with his unraveling of the mystery of his lost millions and of her title to his home, until with the declaration of his love, he is confronted with the knowledge that her father and the man who robbed him are the same person, to her since childhood a man of mystery she has never seen who became a thief to give her wealth and position.

Tomorrow the main offering will be Alice Brady in "The Death Dance."

ALVARADO IS NAMED HEAD DEPUTY BY TINNING

District Attorney-elect, A. B. Tinning today announced through the columns of the Record-Herald his deputies for his office who will begin their duties the first of the New Year.

His chief deputy will be H. V. Alvarado, of this city, who will retain his offices in this city and will reside here, while Leo Torrey, attorney of Martinez, will be his second deputy and will have his offices in the court house at Martinez, along with District Attorney Tinning. The district attorney's stenographer will be Miss Rose Glover, of this city, now stenographer for the Martinez draft board, but formerly with the Richmond Emergency hospital, under the regime of C. L. and U. S. Ebbott, the former surviving with the 47th Hospital Unit in France and the latter at Fort Riley, Kan.

No better selection could have been made by Mr. Tinning than Alvarado. He is essentially a Contra Costa man, having been born at San Pablo and was reared and received his education in this county. He has a large number of friends in this county who will be more than pleased at the selection of Mr. Alvarado to fill the chief deputyship. He was district attorney for the county for a term and knows every feature of the work.

Mr. Leo Torrey is a practicing attorney of Martinez and belongs to the Torrey family of Torrey. He is well liked throughout the county and will be a valuable accession to Mr. Tinning's able staff of assistants.

FAMOUS COLORED CHEF IS IN TOWN

"Please do not copy off my recipes: I am 70 years old and a Christian."

The above is the inscription at the top of a pamphlet of wonderful recipes which are being sold in this city by James Smith, an old-time Mississippi river steamboat chef, who is in town for a few days selling this pamphlet, the recipes being extracts from his well-known Golden Gate Cook Book.

By the way, James is a most interesting character and long before the Civil War he had mastered the art of cooking. When President Fillmore left office he was skilled in all culinary arts and he is just as bright and alert as ever after all these years at his craft.

To the housewife who really desires something out of the ordinary, she can find it in James Smith's pamphlet. He has been in town for several days and has been received with the greatest courtesy by the ladies all over town. He can be found at Seventh street and Macdonald avenue from 2 to 3 p. m. each day and will have a supply of the cook books on hand. See his advertisement elsewhere in this issue.

GERMAN RADICALS OVERRIDE EBERT'S CONTROL AND SEIZE ALL GOVERNMENT DEPARTMENTS

PARIS, Dec. 19.—The German government, headed by Friedrich Ebert, has resigned as a result of events of Tuesday, according to a dispatch received at Zurich from Stuttgart, says the Journal's correspondent there.

Friedrich Ebert, who was named as minister of the interior in the cabinet of Prince Maximilian of Baden, November 3, and became imperial chancellor on November 8, took command of the situation in Berlin following the revolutionary uprising there. On November 13, it was announced that he had become premier and had chosen his cabinet, naming Hugo Haase, Philipp Scheidemann, Wilhelm Dittman, Herr Landsberg and Richard Barth as the secretaries in charge of the departments created by the revolutionary government.

COPENHAGEN, Dec. 19.—The German government has decided to complete a conference to representatives of all the states of the former empire December 20, to elect a president of the German republic, according to a Berlin report. This

step is said to have been taken in order to avoid fresh outbreaks.

AMSTERDAM, Dec. 19.—The Spartacus group leaped into power at the congress of Soviets in Berlin yesterday and broke up the cabinet. Extreme left and soldiers stormed the hall where the congress was in session, following a speech by Herr Barth, in which he denounced Chancellor Ebert, for refusing to demobilize the whole German army.

A delegation of workers threatened to precipitate a strike of 300,000 of their comrades unless they were given a hearing by the congress. They came from the suburbs of Berlin, stormed the hall and waving red banners, presented documentary demands and refused to leave.

AMERICAN RED CROSS TAKES NO HOLIDAYS; ROLL CALL MUST BE SPEEDED UP SAY WORKERS

With no returns from the Mobilized Women as a whole, \$193 was yesterday's quota to the Red Cross Christmas Roll Call. Of this amount \$32 came from the Big Store enrollment booth and \$107 was returned as a partial contribution from the Santa Fe Company, their canvass not having yet been completed. As a starter for today Blake Bros. sent in \$51 from the quarries early this morning.

Enrollment booths in charge of high school girls have been placed in the post office and at LeMoine's drug store. Miss Wood is in charge of a corps of helpers at the post office and Miss Wilma Blackman

with her assistants may be found at the drug store any time after school in the afternoon and during the evening hours. The total amount of funds received to-date is \$558.

LIEUTENANT SOTO BETTER

Word comes from Lieut. Earl Soto that he is recovering nicely from an attack of appendicitis. He was operated on at the military hospital in San Antonio, Tex., last Friday and since that time has been getting along all right, according to information received by his sister in this city, Mrs. Roy Selby.

FRENCH PREMIER, COLONEL HOUSE AND PRESIDENT CONFER U. S. PEACE DELEGATES ADVOCATE SINKING HUN WARSHIPS

LONDON, Dec. 19.—King George VI. was announced today, has cancelled the arrangement which provided that he should go to Sandringham Palace for Christmas, and he will remain in London instead to welcome President Wilson.

PARIS, Dec. 19.—Premier Clemenceau and Colonel E. M. House, visited President Wilson this morning at his Paris residence, the Murat mansion.

The French premier and the

President were engaged for more than an hour in an intimate discussion.

Colonel House also conferred with the President during the morning. The President's engagements for the day caused him to postpone his plans for recreation, but he hoped to take a short drive with Mrs. Wilson.

An invitation has been extended to the President to visit London, at Christmas time, but it is improbable that he will accept, as he has

fully planned to dine Christmas day with the American troops in the field.

American delegates to the peace conference are to advocate the sinking of the surrendered enemy warships.

They will resist any proposition to distribute them on the basis of enemy losses.

This announcement is made by those in close touch with the American representatives who, it is added, feel such a proposition would result in avoiding dissent and materially support President Wilson's declaration that the war was not based upon aggression or the acquisition of property.

England, through Sir Eric Geddes first lord of the admiralty, has previously acquiesced in the American plan to destroy the captured or surrendered warships, and it is declared will continue to support the United States although it is expected that some of the lesser naval powers will demand that the prizes be distributed.

American naval stations will be maintained for at least a year at Brest, Gibraltar and in the Azores to render aid to American merchant ships. The consent of France, England and Portugal has already been secured. The area and radio stations at these points will be in readiness to respond to calls for aid by American shipping in distress and facilities will be afforded for needed repairs and supplies.

Although the plans have not been

developed, it is believed in naval circles that the shipping board ceases the continuance of the manning of its ships with naval officers and crews until private capital is organized to undertake the great task of operating thousands of merchant vessels.

The other naval establishments in Europe will be abandoned as rapidly as possible and progress in this direction already has been considerable.

The United States navy had 27 aero stations along the European coast the material of which, except at Brest, Gibraltar and the Azores is being shipped home. Naval transports reserved for carrying munitions will hereafter convey food supplies.

FRED NEWSOM HAS AN ATTACK OF INFLUENZA

Fred Newsom, the popular city editor of the Independent, is laid up in the Craven hospital with an attack of influenza. His condition is not considered serious by his physicians and relatives, but he thought it best to be on the safe side and secure the best attention possible.

STORES ARE OPEN FOR HOLIDAY TRADE

The merchants threw open their doors last evening to the public one day sooner than was anticipated, and while the "evening open" plan had not become generally known, there was a large number of people on the streets, and most of the stores were crowded up to closing time.

From now on until after Christmas all of the stores will be open every evening, a large force of clerks will be on hand, and the big rush that is anticipated on account of the fact that many are not able to do their shopping during the day time, will be taken care of.

The merchants of the city have

made a special effort this year to cater to the wants of their customers, the stocks are large and varied, and everything in the shape of a toy or an article suitable for a gift can be found at some of the stores.

If you cannot find what you want at one place, "go shopping."

In no other nation is there so willing a sense of voluntary self-sacrifice as in America—that was shown in the abstinence from wheat.

Find more wheat, it came; more pork, it came; save sugar, it was done. So Americans answered the challenge of German starvation.

CO-OP STORE AT SELBY REPORTED TO BE SUCCESS

CROCKETT, Dec. 19.—The general merchandise store at Tormey conducted by the American Smelters Securities Co.—the Selby people in other words—has proven one of the great business successes of that concern.

Under the plan on which the store is conducted employees of the Selby plant buy their general merchandise at the store, paying the regular market price. There is an understanding, however, that at the end of the period of six months dividends will be distributed among the patrons of the store employed at the Selby plant, based on the total amount of their purchases for that period, the amount of which dividend is determined by the profits made by the store in that time.

The Selby Company has already paid two such dividends to the patrons of the store, the last one of ten per cent, having been paid very recently and the business of the store is in a most flourishing condition.

Correct Lubrication for the "T" Head Type Engine

The "T" Head, illustrated here, is one of several types in popular use today. Engines of this type, like all internal combustion engines, require an oil that maintains the full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

ZEROLENE is made in several consistencies to meet with scientific accuracy the lubrication needs of all types of automobile engines. Get our "Correct" Chart covering your car. At dealers everywhere and Standard Oil Service Stations.

Experts Say, "Zerolene Is Better"

Why are the majority of cars now lubricated with ZEROLENE? Because—ZEROLENE does hold better compression, does give better protection to the moving parts, does deposit less carbon. And this is the testimony of the leading automobile distributors of the Coast. They know from the records of their service department—and we know from exhaustive tests—that ZEROLENE, correctly refined from selected California asphalt-base crude, gives perfect lubrication with less wear and less carbon deposit. ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car. At dealers everywhere and Standard Oil Service Stations.

BETTER ADULT WAGES

A fair adult wage "honestly earned," is advocated by Miss Julia Lathrop, chief of the Children's Bureau, as the best method of safeguarding the children of the nation against industrial hardships and exploitation. According to Miss Lathrop, when the fathers of families are paid enough to enable them to support their families in the home, the principle incentive to the misuse of the child power of the land will have been removed.

In the matter of bettering public education, especially, the close connection between the family income and the welfare of the child is to be felt. The shrunken or inadequate income of the head of the family almost invariably means a lack of educational opportunities for the child. In homes where the income fails to meet the needs of the family group, the temptation to withdraw the children from school and put them to work is irresistible, especially in this time of abnormally expanded wages. The fact that the premature entrance of the child into industry, before his education or training is complete, not only is apt to cripple his health, but also lowers his earning capacity later in life, does not apparently bear weight as against the desirability of his immediate contribution to the maintenance of the household.

To correct this mischievous situation, and to give every child a fair chance until the day shall arrive when all parents will be able to educate their own children, the Children's Bureau suggests that scholarships might be provided locally for public school children who wish to carry on their education longer, but without financial help are not able to do so. In many cases children cannot even avail themselves of the advantages of America's public school system, on account of the pressing need for their financial aid to the family coffers.

The granting of scholarships in recognition of unusual merit to young men and women who could not otherwise complete their education, has long been a recognized practice in colleges and universities. It is now suggested that a similar system might be developed for children in any community, awards being made to those who have already done well at school, and who will profit by further education.

By thus providing in a dignified way for the education of young persons against whom the door of opportunity might otherwise remain shut, it would be possible for even those at the bottom rung of the ladder of life to avail themselves of the existing opportunities for education and training. But the bureau reminds us that even this is a temporary expedient, and in no sense a substitute for a fair adult wage to all workers.

About ninety per cent of this important news which comes from the different government bureaus and is marked finds its way where it is neither important far as the public is concerned, and just as well come by the train. One of the ex-

travagances of this war has been the prodigal manner in which these swivel chair tacticians have flooded the papers with matter that no self-respecting newspaper man would permit to go in his paper. At the same time some other bureau has been doing all in its power to hamper legitimate papers from doing business of any sort.

IS GERMAN BOYCOTT GOOD SENSE?

Let us bring calm common sense to bear on the question of the relations of America and her Allies with the beaten Germans. Great Britain has let the world know that she will demand forty billion dollars from the Huns and France wishes about thirty billions. This country also will make a claim for large sum and already has notified Berlin that the Government of Germany must pay the expense of the army of occupation.

At the same time at the very minute that these claims are being made, persons in Great Britain and France and the United States are displaying enormous energy in the organization of boycotts against German goods. We will not trade with our former foes; we will neither sell to them nor buy from them, say these persons. Recently there was a shipment of German made dolls to New York and a crowd of men and women nearly mobbed the office of the purchasers, and the police were summoned to keep the mob from making a bonfire of the goods.

In the name of high Heaven, if the Germans are not permitted to do any business, how are they going to pay their debts and fines? They have no way of making money; no mines have recently or remotely been discovered in Germany out of which the hapless Teutons can dig gold and hand out nuggets to America and the Allies.

These proposers of boycotts should look at this matter and consider it from a business standpoint. If our late enemies have no money they cannot pay. If they are permitted to trade with us and other nations they can raise money, and in the end clear off their indebtedness, although it will take at least three generations to do so.

National boycotts against another country are belittling and, to quote an archaic expression, are like biting one's nose off to spite the face. Trade is not an indication of friendship anyway. One can buy something from a merchant without loving him, and if there enemy has something to sell that you must have, it would be foolish not to make the deal with him.

The American government is going about the settling up of affairs with the former Kaiser's country in a cold and sensible manner; not displaying admiration or a high spirit of friendship toward the Germans, but displaying good common sense. The heads of this government know that there are certain articles made in Germany that are needed in America, and there is no chance that President Wilson will approve of no-trade-with-Germany plans.

There have been instances of women reforming drunkards and wild men, but we never have heard of an instance where they managed to reform a tightwad.

It just can't be done, that's all there is about it.

We are now assured that peace has arrived. Pancho Villa, Harry Thaw and Randolph Hearst all managed to get on the front page of a certain metropolitan newspaper on the same day.

MISS SMITH HAS CHARGE OF RED CROSS BOOTH

Miss Helen Smith is in charge of the Red Cross booth in the Big Store, which is doing a good business for the "Greatest Mother on Earth."

In war work of all kinds the Big Store has been foremost in this city and no person has shown more zeal for the welfare of the boys across the ocean than Manager Harry Marcus, of that institution.

Everybody entering the Big Store from this time until the end of the membership Roll Call drive will be given an opportunity to answer to their name whenever it is called. As Manager Harry Marcus remarks: "All you need is a heart and a dollar to become a member of this organization for an entire year."

RICHMOND SANTA CLAUS VISITED TOWN OF PINOLE

The Santa Claus of the Richmond Merchants' Association made a visit to Pinole yesterday and he created quite a furor, for it was the first time some of the little ones had ever seen "Old Saint Nick."

A visit to all of the stores was made, and also a trip to the public schools. There was a crowd of children following Santa Claus around all day.

Santa Claus told the people of Pinole that the Merchants of Richmond had made big preparations for the holiday season, and they could find anything in the stores here, in the shape of Christmas gifts that they might wish for.

Today Santa Claus is out getting acquainted with the residents of San Pablo, and extending them

an invitation to come to Richmond and do their shopping.

Good will rules the new world, as fear governs the old world. Through sharing food America helps make the whole world kin.

BE CAREFUL AFTER FEVER, COLD or GRIP

Many Fatal Cases of Kidney Trouble Can Be Traced to Some Infectious Disease

Colds, fevers and infectious diseases very often leave the kidneys weak. So little attention is given the condition of the kidneys during recovery from the original trouble that a severe attack of kidney disease often follows. Here's how it happens. The kidneys are worked hard enough in healthy times. They have to filter the blood. In any germ disease the blood is loaded with extra poisons made by the disease germs. This overwork tends to weaken the kidneys. After colds, grip, scarlet fever, typhoid, measles, pneumonia, diphtheria, tonsillitis or chicken pox, watch for backache, and urinary disorders and promptly use Doan's Kidney Pills. Richmond people have found Doan's reliable in many forms of kidney trouble.

Here is a Richmond experience: Mrs. L. E. Clark, 148 Thirteenth street says: "An attack of the gripe left my kidneys in bad condition and I suffered untold agony from lame back. I had severe pains across my kidneys. I felt nervous and never seemed to get thoroughly rested up. I was troubled by shortness of breath and had headaches and dizzy spells, too. I got three boxes of Doan's Kidney Pills at Niedecker's Drug Store and they cured me, making me feel like a different woman."

Sixty cents at all dealers. Foster Milburn Co., Mfgs., Buffalo, N. Y.

SPENT OVER \$3500 WITH DOCTORS and got no relief. So declared Mr. R. Lewis, proprietor of the large jewelry store at Eleventh and Washington Sts., in the center of Oakland. After drinking the Fong Wan Herb Tea he was completely cured.

His Unsolicited Testimonial.

For several years I was troubled with Nervous Attacks. I visited the most prominent physicians in both OAKLAND and SAN FRANCISCO without obtaining permanent results. Finally, when an OPERATION ON MY SPINE had been suggested, I quit and began drinking the FONG WAN CHINESE HERBS. After seven weeks I felt entirely well. This was in September, 1916, and up to the present time, there has been no recurrence of the attacks.

REV. T. A. BOYER IS SURPRISED BY HIS CHURCH CONGREGATION

The congregation of Rev. T. A. Boyer, pastor of the First Christian church, gave him a surprise party at the church parlors last night and burdened the good man and his wife with Christmas remembrances, along with so much good cheer and esteem that the pastor and his wife were literally speechless.

There was some sort of a meeting of the Sunday School or church directorate, or something of the kind early in the evening, when somebody opened the folding doors leading into another of the committee rooms, revealing the men and women of the congregation loaded down with their packages for the pastor and his wife. There were dozens of remembrances and every

one of them was something tending to add to the comfort of the minister or his good wife. Although Rev. Boyer and his wife were greatly surprised, they quickly pulled themselves together and responded to the good wishes of the men and women assembled. The evening was spent in pleasant conversation, music and games.

FRATERNAL AID TO HOLD MEETING

Richmond Lodge No. 888 Fraternal Aid Union, will hold an interesting and important meeting this Thursday evening, Dec. 19th in the W. O. W. hall, Seventh and Macdonald avenue. There will be another class for initiation, also nomination and election of officers for the ensuing term and the installation of the same. Quite a number of visiting members will be present from Oakland lodge, as well as other lodges. Refreshments will be served. All transient members in the vicinity are welcome and urged to be present.

All the home news and excellent telegraphic news reports found in the Record-Herald.

LIEUT. GERLACH HAS RETURNED FROM PRESIDIO

Lieut. Alvin Gerlach, who has been stationed at the Presidio for the past six months, has received his honorable discharge and is home again. He has not yet decided whether he will again take up the practice of the law or enter some other line of activity. Mr. Gerlach is one of the rising young men of this city, is imbued with a large amount of ambition, and is sure to succeed in whatever work he may take up.

Alvin Gerlach entered the Presidio Officers' Training camp Aug. 24, 1917, graduating November 27, the same year, with the rank of second lieutenant of infantry and was immediately assigned to the 91st division at Camp Lewis, Wash., joining the 247th Machine Gun Battalion at that place. He remained with the 347th for five months, when following a physical breakdown was ordered home. In August he was sent to the Agricultural College at Logan, Utah, remaining there until the middle of October.
